

FALL 2021 SEASONAL COLLECTIONS & IN-STOCK SERVICE

Amid these extremely challenging times, we look forward to Fall 2021; we are beyond optimistic that Fall 2021 will prove a pivot to a highly successful retail season.

This season, we find our inspiration in all that our specialty stores have done to survive unprecedented challenges to the retail landscape. So many of you have dug deep ... new approaches with appointment shopping, many texts and emails, your own bank accounts, and just plain hard work. Thank you for all you have done.

Our Fall 2021 line reflects how your customers are living right now: expanded sport shirts, more knitwear, and a larger selection of outerwear. As always, we have a beautiful collection of seasonal dress shirts, and don't forget our in-stock basics that are always available for you.

Going forward, we think Men's specialty stores will never be more important.

People have come to recognize the important contributions that small businesses make to the community fabric. From paying team members who form your community, paying rents that support the tax base in your hometowns, paying city and state taxes that directly affect how your areas operate, to giving back in generous contributions to local sports, arts, and events. You are core to the vitality of the communities in which you live.

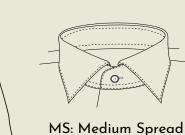

Men's specialty stores offer an experience that simply cannot be duplicated online.

After months at home, people are looking for real experiences and the opportunity to interact with others. More than ever, we all now truly appreciate the ability to actually touch before buying and to experience true customer service. Nothing beats trying on crisp and brushed cottons, the feel of fine merino wool, experiencing the light weight of a new vest or jacket, and the creamy feel of cashmere. For a customer, nothing beats the interaction with someone who is truly interested in them, their clothing needs, and their shopping experience.

Thank you for giving your heart and soul to get through these challenging times. We couldn't be more proud to call you family. Thank you for making us part of yours.
